Chair's Opening Remarks

On behalf of the Local Pension Board, I am delighted to be able to present the Annual Report of the Local Pension Board of the Dorset County Pension Fund. This report covers the period from 1 April 2024 to 31 March 2025, to align with the Fund's Annual Report.

As a defined benefit scheme for our 80,000+ members, the Dorset County Pension Fund pays scheme members a retirement income based on salary and the number of years worked for the employer. The Fund invests contributions made by employers into long term investments, and though the market will always fluctuate, investment performance does not affect members' pensions. As of 31 March 2025, the Fund contained £4.1 billion of assets.

Throughout the year we have complemented the Administering Authority, ensuring compliance with the Public Service Pensions Act, the LGPS Advisory Board, the Chartered Institute of Public Finance and Accounting (CIPFA) and The Pensions Regulator. The Board has over the course of the year received regular updates on the implementation of the McCloud Remedy, which came into force on 1 October 2023 and was, and continues to be, the biggest pension administration challenge for 2024-25.

The Board has no concerns about the Dorset County Pension Fund or its Administration, though it continues to be concerned over the impact of delays from our software supplier in making the necessary changes required to the administration system to deal with administering the McCloud remedy and the impact this has had on the administration staff and the implementation of the new pensions payroll. We will continue to support the Pensions Manager, and we are confident she will continue to administer the Fund efficiently and effectively despite ongoing pressures.

I would like to place on record the Board's appreciation for the support and transparent advice of the officers. Further information about the Board's work can be found on the website [Local Pension Board](#). Despite the continual challenges, I am looking forward to another successful year ahead.

Richard Bates
Chair
